

CLEANING FOR A PURPOSE PROGRAM

Together, we can make a difference, one
clean home at a time.

www.busybeecleaning.ie

INTRODUCTION

Busy Bee Cleaning proudly presents Cleaning for a Purpose, an initiative aimed at providing free cleaning services to those in need within our community.

Our program focuses on supporting older adults over the age of 65 who have spent more than three months in hospital or nursing home, as well as cancer patients who may find it challenging to maintain a clean living space. We offer both standard and deep cleaning services to restore cleanliness and comfort to their homes. This initiative reflects our core values of compassion, excellence, and integrity, showcasing our commitment to social responsibility and the well-being of our community.

As Ireland's premier cleaning service, we take pride in delivering premium services nationwide, backed by glowing 5-star reviews.

CORE VALUES

Compassion

Excellence

Integrity

Our professional cleaners are highly trained, background checked, and insured, ensuring that every home receives top-quality care.

Why This Initiative Matters

Today, many older adults and cancer patients struggle with the physical demands of maintaining a clean home. A clean space is more than just a comfort, it has significant physical, mental, and emotional benefits. Cleaning for a Purpose aims to alleviate this burden by offering free one time cleaning services, helping to create healthier, more comfortable environments for those who need it most.

In a study conducted by Zurich Insurance surveying 1,000 people, cleaning was ranked as the second most dreaded task for Irish people (Reference; <https://www.zurich.ie/blog/top-life-admin-chores-irish-households-hate/>).

When combined with health challenges, the difficulty of keeping a clean home is amplified. Through this initiative, Busy Bee Cleaning is stepping up to fill this gap, providing essential cleaning services to improve the quality of life for older adults, cancer patients, and their families.

Services Offered

Standard Cleaning

Includes general tasks such as dusting, vacuuming, mopping, and cleaning kitchens, living room and bathrooms.

General Deep Cleaning

A more comprehensive service that covers scrubbing grout, cleaning inside appliances, and tackling hard-to-reach areas. *(Our general deep cleaning service does not include properties considered hoarder environments or those requiring extreme or hazardous cleaning)*

Both services are provided as a one-time offering, and we will never ask for payment under any circumstances. This program is a part of our ongoing commitment to social responsibility.

Eco-Friendly Cleaning Practices

Busy Bee Cleaning is committed to using eco-friendly products that are safe for both our clients and the environment. Our cleaning supplies are non-toxic, biodegradable, and free from harmful chemicals, ensuring that we protect your health while also caring for the planet. This is especially important for individuals with respiratory conditions or weakened immune systems, who benefit from products that do not emit harsh fumes or leave behind harmful residues.

Dry Steaming with the Highest Quality Equipment

Also using the latest and highest quality cleaning technology, including dry steaming. Dry steam cleaning is a powerful cleaning method that uses steam heated to a high temperature to clean and sanitize surfaces without the need for chemicals or excessive water. This method is particularly beneficial for deep cleaning, as it effectively removes grime, kills germs, bacteria, and dust mites, and eliminates mold.

Benefits of Dry Steam Cleaning:

Eco-Friendly

Dry steam cleaning requires minimal water and eliminates the need for harsh cleaning chemicals, making it an environmentally sustainable option.

Allergen and Germ Removal

The high temperature of the steam kills bacteria, viruses, and dust mites, reducing allergens and creating a healthier living environment—especially important for cancer patients and older adults with compromised immune systems.

Quick Drying Time

Since very little water is used, surfaces dry quickly, minimizing disruption to the household and reducing the risk of mold growth.

Versatile and Effective

Dry steam cleaning can be used on a variety of surfaces, including floors, bathrooms, kitchens, and upholstery, delivering a thorough clean that improves the overall hygiene of the home.

Supporting Caregivers

We understand that caring for an elderly individual or a cancer patient comes with many challenges. Often, maintaining the patient's home can be overwhelming for caregivers who already have enough on their plates. Our Cleaning for a Purpose program is here to help ease that burden. If you are a caregiver and need the patient's home cleaned, we encourage you to apply on their behalf. Our team is ready to step in and provide support, ensuring a clean and safe environment for your loved one.

The Importance of a Clean Home

There are many health and lifestyle benefits associated with a clean home, particularly for older adults and cancer patients:

Health Benefits:

Improved Air Quality: Cleaning reduces dust, mold, and allergens, improving indoor air quality and reducing respiratory issues.

Lower Risk of Infection: Keeping surfaces clean helps minimise the spread of germs and bacteria, which is vital for individuals with weakened immune systems.

Mental Health Improvement: A clean home promotes peace of mind, reducing stress and anxiety, especially for individuals recovering from illness.

Lifestyle Benefits:

Comfort and Safety: A tidy home is more comfortable and safer, reducing the risk of falls or accidents, particularly for older individuals.

More Time for Family: By taking care of the cleaning, we give caregivers and family members more time to focus on spending time together and supporting the patient's recovery.

Mental Health Benefits of a Clean Home

A clean home can have a profound impact on mental well-being. For those recovering from illness or adjusting to life hospitalisation, a tidy and organised space can bring a sense of peace, control, and normalcy. The clutter and mess often associated with long-term hospital stays or caregiving can create feelings of overwhelm or anxiety. Our cleaning services aim to restore a sense of calm and clarity, allowing individuals to focus on their health and healing

Core Values

At Busy Bee Cleaning, our core values define everything we do:

Compassion

We believe in giving back to our community and supporting those who need us most.

Excellence

We are committed to providing the highest quality cleaning services with attention to detail and care.

Integrity

Honesty and transparency are at the heart of our business. We never ask for payment for services provided under Cleaning for a Purpose and ensure our clients feel respected and cared for.

How to Apply

If you or someone you know is over the age of 65 and has been in a hospital or nursing home for more than three months, or if you are a cancer patient or caregiver of a cancer patient, you may apply for Cleaning for a Purpose program. We offer this service to one person per month, completely free of charge. To apply, please visit **www.busybeecleaning.ie**

Busy Bee Cleaning is dedicated to making a positive impact on the lives of those who need it most. With our Cleaning for a Purpose initiative, we aim to lighten the load for older adults, cancer patients, and their caregivers by offering essential cleaning services that promote health, well-being, and peace of mind.

If you know someone who could benefit from this program, please encourage them to apply.

“Together, we can make a difference, one clean home at a time.”

Terms and Conditions for the Cleaning for a Purpose Programme

Eligibility Requirements:

- The program is open to individuals aged 65 or older who have spent more than three months in a hospital or nursing/care home.
- Cancer patients currently undergoing or recently completed treatment are also eligible. (No age limit)
- Caregivers may apply on behalf of the eligible individual.

Proof of Eligibility:

- Applicants or their next of kin may be required to provide:
 - A letter from the hospital or care home confirming the length of stay for individuals aged 65 or older.
 - A medical letter or proof of cancer diagnosis from a registered medical professional for cancer patients.
- Applicants must be willing to submit/provide this documentation upon request.

Random Selection Process:

- Each month, one person will be randomly selected from eligible applicants to receive the free cleaning service.
- The random selection ensures fairness and equal opportunity for all participants.

Confidentiality and GDPR Compliance:

- Busy Bee Cleaning takes data protection and confidentiality seriously. All personal data, including medical information, will be collected, stored, and processed in compliance with the General Data Protection Regulation (GDPR).
- Information will be used solely for verifying eligibility and managing the program, and will be stored securely with restricted access to authorised personnel.
- All personal data will be deleted once the purpose for its collection has been fulfilled.

Application Process:

- Applications must be submitted via our website at www.busybeecleaning.ie, including the necessary documentation.
- Incomplete or inaccurate applications may be rejected.

Limitations of Service:

- The program provides a one-time standard or general deep cleaning service per selected individual. This service is non-transferable and cannot be redeemed more than once. **(Our general deep cleaning service does not include properties considered hoarder environments or those requiring extreme or hazardous cleaning).**
- Busy Bee Cleaning reserves the right to schedule and reschedule the cleaning service at a mutually convenient time, based on staff availability.

No Payment Required:

- Under no circumstances will Busy Bee Cleaning request or accept payment for services rendered under this program. This initiative is part of our social responsibility commitment.

Right to Modify or Discontinue the Program:

- Busy Bee Cleaning reserves the right to modify or discontinue the Cleaning for a Purpose program at any time. If the program is discontinued, those already selected will still receive their scheduled services.

Responsibilities of the Applicant:

- Applicants and their representatives must provide truthful and accurate information during the application process.
- By applying, applicants agree to these terms and conditions and consent to the collection and processing of their personal data for program-related purposes.

Non-Discrimination Policy:

- Busy Bee Cleaning practices non-discrimination in the selection of applicants, ensuring fairness regardless of race, religion, gender, or other protected characteristics.
